

Fifth Grade **MATH** Required Practice Summer 2024

Dear Incoming 5th Grade Parents and Students,

We're excited to share that our students entering grades 5 will be using *IXL's Summer Boost: Math* program to help retain skills and concepts practiced throughout the year. With thousands of exercises that match our curriculum and the ability to monitor progress, IXL is a great resource to help all children reach their fullest God-given potential!

Working at their own pace, students will use the following links to complete an individualized 4-week plan and must reach a *SmartScore* of 80 or higher on all IXL skills.

[IXL-Summer Boost: MATH for students entering Grade 5](#)

Completion of the IXL Summer Boost Skill Plan will count as each student's first grade for Math in August. Students must complete the checklist below and have a parent sign and return it on the first day of school.

Should you need any assistance regarding our program requirements, please don't hesitate to contact us!

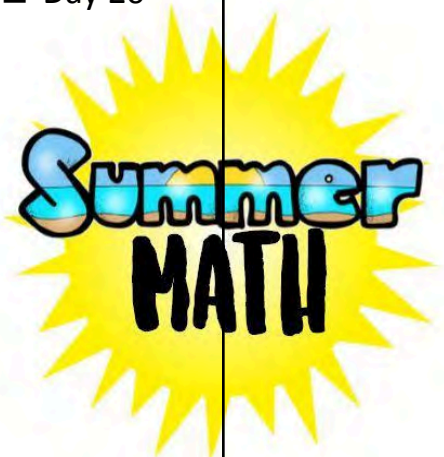

Mrs. Neoma Bensalah

Mathematics Teacher
