Reading Log – Grades 4-8

Write the names of each book you have read this summer. Include the name of the author, the illustrator and when you read it. Also, write whether the book was fiction, nonfiction, or poetry and why you liked or did not like what you read. Students entering grades 4-8 must read TWO books. You may, of course, read more! Complete your reading log and return it to your teacher in the fall. Have fun and read some great books! Happy Reading!
